

Hiking route 2

To Monte Aquilone and back.

Duration: about 2 hours

Camping Peticara

Via Serra Masini 10/d
47863 Novafeltria
Tel.+39 3357062260

2

1. Leave the campsite at the back of the main building (private road). At the main road turn left in the direction of Peticara.
2. Follow the main road through the village of Peticara. Follow the road as it bends to the right at the main square (to Forli).
3. Just before you arrive at the API gasstation, turn right and go uphill. You will pass the old Mine-museum. Go through the fence and follow the path uphill. Keep right.
4. Where the path splits up, go left downhill and keep left around the mountain (follow route 96, red-white-red)
5. Where the path splits up, go right and uphill. Alongside this path you will find animals made of metal wire. Follow the path uphill until you arrive at the Skypark.
6. At the end of this path, turn left and follow the path as it bends to the right until you are on the tarmac road. Here you turn left.
7. The road will almost immediately turn into a gravelled road. Follow this road to the top.
8. If weather conditions are good, there may be paragliders just before you reach the top. The spot where they jump is marked by sticks and ribbons.
9. Take the same road down and follow the tarmac road all the way down. You will pass the cemetery of Peticara. Where the road splits up, keep left and then go straight through.
10. You will pass a white house on your right. Turn right and follow the private path to the bar of the campsite. Have a drink ☺
